

Introduction

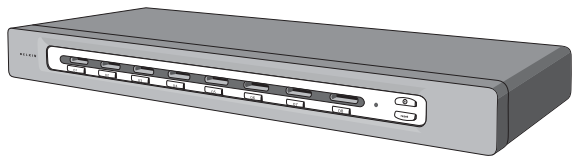

This guide will lead you through the basic steps needed to install the ExpandView Series Video Splitter (the Splitter). If you need further information during this installation, please refer to the Belkin User Manual for this product.

You will need the following items for installation:

- OmniView ExpandView Series Video Splitter (included)
- One VGA Cable
- 9V DC, 1.5A Power Supply (included)

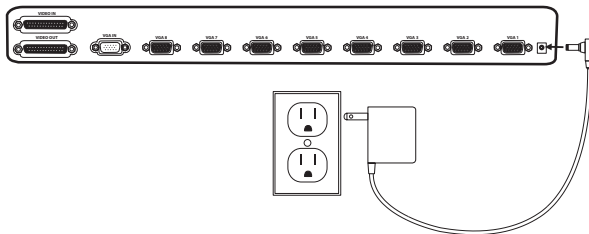

F1DV104

F1DV108

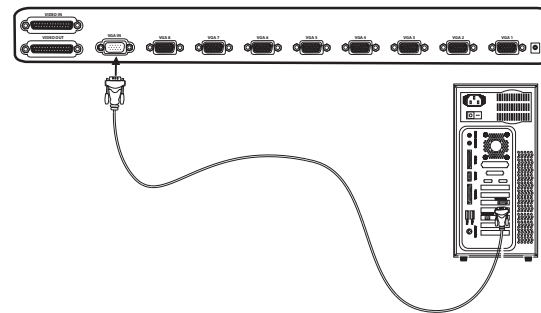

Powering On the Splitter

1. Connect the included 9V DC, 1.5A power supply to an available power outlet.
2. Attach the barrel plug into the power jack of the Splitter.

Powering On the Splitter

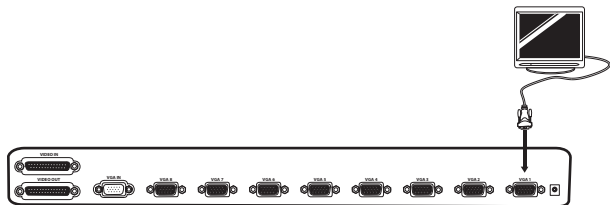

1. Make sure your computer is powered off.
2. Using the OmniView Video Extension Cable (F1D9003-XX), connect the HDDB15 male-type connector to the video card on your computer.
3. Connect the HDDB15 female-type connector to the input port on your Splitter.

4. Boot up your computer.

Connecting Monitors to the Splitter

1. Make sure your monitors are powered off.
2. Connect the HDDB15 male-type connector of your monitor to the HDDB15 female-type connector output port on your Splitter.

3. Turn ON your monitor.

Repeat steps 1-3 for each additional monitor you wish to connect.

You are now ready to use your Belkin OmniView ExpandView Series Video Splitter. Please refer to your User Manual for additional information.
